The answers to the clues below reveal key letters needed to solve your *Unlock It!* adventure.

CLUE Starting at the beach and looking at the lake, take the paved path south past the boathouse. When a trail option is paved or unpaved, choose the one closest to the lake until you reach a picnic area with a bathroom building. What is this area of the park called? Use the first letter of the second word.

1

CLUE Keep going past the picnic area looking for a grass, dirt and gravel trail through an opening in the woods until you reach the main black top path again. Once there, take it in the direction that keeps the lake on your right. Cross a bridge and keep going until you reach a large shed on your left side. What on the roof shows that the building is not brand new anymore? Use the last letter of that word.

2

CLUE Retrace your steps, this time staying on the blacktop trail until you cross a road; when the trail comes to a T, go right and watch for a feature of this park guaranteed to take your breath away when you climb it. Do so while counting the exact number of risers to the top. Have each member of your group count separately to make sure you get an exact count. Subtract 112 from your total. What letter is that number in the alphabet? It reveals one of your letters.

3

BONUS: This is the first letter of your keyword.

CLUE Take the gravel trail on a downward slope looking for a large (very large!) solid geological formation. Sit or stand high on it and use the first letter of this word.

4

CLUE Now find a new way back to the beach, and look around for signs of a game that thousands of people come here to Bryant Lake Regional Park to play. What is the game? Use the first letter of the second word.

5

CLUE Back at the beach, go north until the paved trail forms a new letter. What is it?

6

BONUS: This is the last letter of your keyword.

CLUE Take the trail closest to the lake toward the boat landing. Louise wants you to "sit awhile and enjoy..."

7

_____ **U R E ' S B E A U T Y** _____

CLUE Nearby, three words are used to describe Chase. Write the three words below. What is the second letter in two of the three words?

8

CLUE Go to the play area and slide down the highest slide. How many stories up is it? Use the first letter in that word.

9

CLUE Go the main beach and count the number of umbrella stands plus the number of volleyball courts. That's how many letters are in your keyword.

10

Carry down the letters from the clues above into the placeholders below.

Now complete your *Unlock It!* adventure by unscrambling the letters into your keyword.
