3 _____

CLUE Head on down the main path, towards Burntside Stage. Keep an eye out for a woodshed that is called Wally's Woodshed. Check the plaque on the woodshed to find Wally's full name!

4 _____

CLUE Continue down the path until you hit Moosedrool Creek! Once there, do you notice any coloration or pigmentation of the water? What mineral makes it this color? *Hint: Our camp sits on this range.*

5 _____

CLUE Walk on over to Burntside Stage. Jump up on the stage itself and take a look over beautiful Burntside Lake. What is the name of that island you see? I bet bears would love to live on this island.

6 _____

CLUE Let's bump right over to the du Nord Sauna, directly up the shoreline from where you are now. Take some time to take in the oldest structure in camp! It is one of our most valued spaces. Check the whole exterior for a tool that we use to cut through the ice in the winter. It has many large teeth! What kind of tool is this?

7 _____

CLUE Make your way to the Family Arts Center just up the main path. You will cross over Angell's Bridge, so make sure you say hello to Mrs. Troll! Once at the FAC walk around to the lake side of the building. There, you will see a particularly large window. What did they make in the FAC that was too big to send out the door, so they had to make a large window to push it out of?

8 _____

CLUE Head over to Pine Pointe! You can walk the Pink or Blue Trail, bike the road, paddle or kayak, take the shuttle or drive. Once in Pine Pointe, head into Morning Glory and find the fireplace. Once found, look for a plaque. What year was Pine Pointe and Morning Glory built?

9 _____ AND _____

CLUE Head down to La Pointe fire ring. Once you have made it, take another look out on Burntside Lake. There should be another Island out ahead of you. This island is protected by camp for what kind of animal?

10 _____

CLUE Look on the map for the Pizza Oven. It is near the platform cabins slightly southwest of La Pointe. Once you have made it to the Pizza Oven, identify the hard objects that make up the base of the oven!
